This radical design moves the loader from off the top of the marker and places it within the stock in this bullpup-style masterpiece. The D*Fender has ultra-strong, lightweight magnesium shells with the high performance guts of our markers and a Z2 loader inside. Reduce your silhouette and never take a hit on your loader again. Forget to name, with the D*Fender in your hands, you'll attack!
THE MARKER THAT IS A SYMBOL OF POWER

THE PINNACLE OF ADVANCED TECHNOLOGY

The Empire Vanquish marker is a symbol of power. The incomparable performance and key design elements meet every need of the elite paintball player. The Vanquish uses an adapted Pressure Balanced Spool Valve engine that has been transformed to reduce first shot drop off and increase efficiency. Empire is the pinnacle of advanced technology, where a hyper-accurate pressure transducer has replaced the gauge to provide input pressure readings. The extra large OLED screen and 5-way joystick navigation provide an ultra intuitive user experience that the interchangeable panel system that belongs to any player’s painted life. The innovative design allows the entire marker to be maintained using the push button bolt removal system and yet only requires a single hex wrench for every screw. The lightweight, easily moveable and easy access to the board and USB interface, where custom Empire software allows you to change settings and design your own custom boot-up screen via USB cable and computer. The Vanquish shoots super-smooth, super-quiet and super-accurate with the carbon fiber Super Freak barrel. Empire has created the new standard in paintball and with the Vanquish in your hands, you will defeat any challenger.

Built upon the foundation of the legendary Autococker design, Empire Paintball has created the Sniper, a new tournament level pump marker with a classic name. Bud Orr created the original Sniper in 1986, listening to Rock me Amadeus on the radio and creating the legacy that became WGP. This new Sniper incorporates the same DNA while adding the touches you expect from Empire. Cool styling, rugged reliability, and optimal performance. With the Sniper, stay true to the past, but perform like the present.

- Vertical feed design
- 300 psi gauge can be placed on either side
- Removable vertical pump assist plate
- AUTO-Trigger for rapid firing
- Hinged regulator with internal adapter
- Forwarded On/Off ASA with bleed
- Delta pump handle and sled
- Dual stainless steel pump rods for maximum stability

The Empire Resurrection paintball gun is the Autococker reborn. Its new school style with old school accuracy. Taking the best designs out of the WGP closet, we’ve created a super smooth and accurate Cocker that players of all generations will love. All the bells and whistles are installed to make the Resurrection live up to the beloved Autococker legacy from WGP with an Empire twist. Step onto the field, but not back in time with the Empire Resurrection in your hands.

Z2 PROPHECY LOADER

The Empire® E-Vents™ Goggle System is a low profile goggle system designed to present a minimal target. Made of a soft, flexible dual-density material for comfort, the streamlined design keeps you in the game by deflecting glancing paintballs. The vents are designed to move exhaled breath out through the vents to the outside of the mask. This vent design, along with the internal side baffles, prevents warm moist air from crossing the lens to prevent fogging. The soft ear design flexes to accommodate your ear position comfortably and does not compromise hearing.

- Sleek, low profile shape
- Excellent ventilation and voice projection
- Optically correct lenses for zero sight distortion
- Quick release lens system
- Removable and replaceable soft ear pieces
- Adjustable silicone strap to keep the goggle secure
- Includes visor, brow shield and microfiber bag

Three years ago, we polled our top teams and heard one resounding request in a paintball pant and jersey - “less weight, more venting, same great protection.” The Empire FT Contact Zero jersey for 2014 is a lighter, less constricting paintball jersey designed to help keep you cool, comfortable and unimpeded in the heat and humidity of the season. Plenty of mesh ventilation at the front and rear of the jersey encourages massive air movement and helps wick moisture away. Bio-foam shoulders & padded elbows with abrasion resistant nylon allow for a truly durable jersey no matter how light and breathable it feels.

- Ultra-lightweight, for ease of movement
- Maximum amount of mesh ventilation for maximum air flow front to back.
- Bio-foam Padded cuffs with perforated clarion leather palm for the ultimate protection and breathability.
- Articulated Bio-foam shoulders & abrasive resistant nylon on your forearms.
- Lycra Stretch forearms and cuff for that custom fit over your elbow pads.

PREVAIL FT JERSEY

Aggressively designed, stylishly appointed and packed with features, the Empire Prevail FT paintball jersey stands apart from other paintball jerseys. Light and comfortable, the Prevail FT jersey features plenty of mesh ventilation to keep the wearer cool, while soft comfortable cuffs and collar and integrated elbow pads add a layer of protection during rough play.

- Mesh side panels for maximum air flow
- Soft, ribbed cuffs easy to slip over Empire elbow pads and gloves
- Comfortable, stylish v-neck collar
- Integrated elbow pads
- Upper chest padding for the ultimate protection
Light and comfortable yet packed with features, Empire Prevail FT paintball pants are perfect for players who demand a quality set of pants that won’t weigh them down inside the net. These are the “fast pants” for the fast guys making those big moves. If you’re a game-breaking player that needs paintball pants that won’t hold you back, you’ve come to the right place. Groin and knee padding protect your valuable assets, mesh ventilation keeps the air moving and an adjustable waist ensures a perfect fit, game after game.

- Knee and groin padding to defend against injuries to your body and your pride
- Swab pockets that will also hold your wallet
- Mesh ventilation for air circulation
- Adjustable waist- because we’re all different sizes no matter what the number on your jeans says.

PREVAIL FT JERSEY

We polled our top teams and heard one resounding request in a paintball pant – “less weight, more venting, same great protection.” The 2014 Empire FT Contact Zero pants are lighter, less constricting paintball pants designed to help keep you cool, comfortable and unimpeded in the heat and humidity of the season. The main body material is 100% laser perforated for ventilation at the front and rear of the pant that encourages massive air movement and helps Wick moisture away. Adjustable ankle vents and waist allow for a truly custom fit while plenty of knee padding keeps you safe no matter how hard you slide in.

- Ultra-lightweight, for ease of movement
- Microfiber cloth on a bungee cord inside the pocket for cleaning goggle lenses!
- Dual swab pockets.
- Adjustable waist- because no two players are the same size
- Maximum amount of mesh ventilation for maximum airflow
- Plenty of padding where you need it and “Zero” where you don’t.
- Adjustable waist tabs for the perfect fit, every time you put them on.
- Additional wide belt loops- keep your pants where you want them or just make a fashion statement!

- Separate shoe or dirty clothes compartment to keep separate from the rest of your gear.

- Compartments and pouches for everything a player will ever need at the field.

- Telescoping pull handle

- Durable nylon construction for years of flawless service

**HARDSHELL GEAR BAG**
A simple, durable yet feature-packed backpack, the Empire Hardshell’s large, nylon lined
main compartment can hold all sorts of gear while clips and expansion pockets can help
hail accessories, goggle, and pack! Organizer pockets and a separate area for a marker or
laptop mean the bag is as versatile as it is capable, while padding and adjustable straps
make it easier to haul around from place to place. The Empire Hardshell is the bag
that can fit in the trunk of the most-traveled paintball enthusiast.

- Molded Hard Shell Goggle protector pocket. Great for valuable you don’t want crushed
like glasses or electronics.

**CARRY ON GEAR BAG**
Brand new for this year it has a hard shell molded protection pocket. Smaller than most
other gear bags yet still fully capable of holding everything a player could ever need, the
CARRY On bag offers a large internal compartment with a built-in shoe pocket that can be
accessed from a front zipper without opening the main bag and putting your other gear
dirty. Durable wheels help the carrier roll over anything and a strong, telescoping handle
means pulling it along is simple. Built to last, the new Empire Carry-on can handle anything
traveling paintball can throw at it.

The RPS name/formulation has a long and deep history in paintball. For 30 years the RPS Advanced Formula has been refined to provide the most consistent paintballs in the market year after year. RPS Advanced formulas were the first to be specifically engineered based on playing style. Marballizer, Evil, and Bright Glow fill were the first paintballs and fill created specifically for competitive paintball play.

Today Empire Paintball and the RPS Advanced Formula continue to build on our rich heritage and advance paintball worldwide. The RPS Advanced Formula continues to be recognized as the most consistent high quality paintball as well as the winningest ball in tournament paintball history. With billions of RPS Advanced Formula paintballs shot every year, RPS is the most shot, most feared paintball in the world.

- Shoot the Best! Shoot Empire RPS Advance Formula!

Performance is proven on every shot. More players trust the performance of RPS paintballs than any other ball in the world. At Empire, we deliver performance in our paintballs through rigorous research and development, quality manufacturing, and player testing and validation. Together these efforts result in the world’s best performing paint, designed to help you play better. Whether you are a professional or a weekend player, at Empire, we know all paint-ballers want the same thing: Performance.
Harness the innovative RPS Advanced Technology to keep balls flying straight and always breaking on target. These perfect spheres are built to withstand humidity and other elements that can take their toll on paintball performance. Marballizer is the paint of choice for some of the world’s finest teams.

- Consistent roundness and fewer barrel breaks
- Dead-on accuracy from straight ball flight
- RPS Advantage shell breaks on contact
- Higher fill weight leaves thick, neon marks

Shoot what the pros shoot. All-Star™ Paintballs were designed specifically for the tournament player...now you can shoot like a pro on your way to becoming one! Accuracy, consistent fill technology, and superior fill are what give you the advantage. Works extremely well in low-pressure systems.

- Very consistent and accurate in shot placement
- Breaks on target, not in your barrel
- Thick, heavy, immature fill
- Consistent roundness with minimal seams

Ultra Evil Paintballs are the top of the line paint that winning tournament teams use. The tournament level shell has a perfect thickness and the fill is super bright for competitive play. If you’re serious about paintball you better use Evil because you can bet that the other teams do.

- The Winningest Paint in Tournament History
- The Most Favored Paint in The World
- The Highest Performance Paint Available
- It’s Not the Paint that Sinks, It’s You!

The paint that set the industry standard for accuracy and reliable performance continues its tradition today. Premium® Paintballs are still the #1 selling paintball in the world. Premium® paintballs use patented breakthrough technology to produce one of the finest balls in the history of the sport.
